When unpacking the mixer, check carefully for damage that may have occurred during transit. Check for missing parts.

General Safety Information

Warning: These mixers are intended for specific functions.
Please follow all instructions to insure safe and proper use.

- (1) Attach an airline to the Mixer.
100 p.s.i. maximum pressure.
Lubricate air motor with AD220 oil.
- (2) Hold the Mixer firmly. Secure the container in which mixing will be done.
- (3) Fully immerse the Mixer in material to be mixed, before turning the Mixer on.
Keep the Mixer fully immersed while in motion.
- (4) Move the Mixer slowly around and UP and DOWN in the material untill contents are thoroughly mixed into a smooth, uniform consistency.
- (5) Clean the Mixer after each use. Simply immerse in solvent or water and run untill clean.
- (6) Never run the Mixer outside of the mixing or cleaning container.
